Mr. William P. Gormley, Director
Advanced Management Program
Harvard Graduate School of Business Administration
Boston 63, Massachusetts

Dear Mr. Gormley:

25X1A9A

The Director of Central Intelligence has asked me to recommend
[redacted] for attendance at the Thirty-third Session of
the Advanced Management Program.

Continuing the arrangements which we developed with Dean Harvey
P. Bishop some years ago regarding our applicants, I am attaching all
of the supporting papers to this letter. These include the Company
Application, the Personal Application with photographs, and two let-
ters of appraisal from very senior officials of the Agency. I trust
you will find this arrangement satisfactory for your purposes.

Please feel free to communicate with me at any time regarding
our applicants. We are privileged to have been regularly represented
in past courses, and look forward hopefully to the benefits of our
continued representation in the Advanced Management Program.

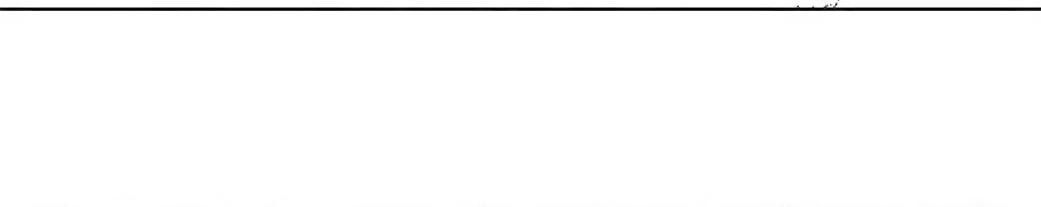

Sincerely,

SIGNED

MATTHEW BAIRD
Director of Training
